

DIVERSINET SIGNS LICENSING AGREEMENT WITH MAJOR U.S. HEALTH INSURANCE COMPANY

Diversinet's MobiSecure™ Technology to provide secure access to medical records for individuals and health care providers

TORONTO, Canada, December 14, 2006 – Diversinet Corp. (OTCBB: DVNTF), a leading provider of mobile authentication security and access solutions, today announced the Company has signed a consulting and licensing agreement with a major United States health insurance provider. Diversinet values the entire agreement at approximately one million U.S. dollars for the delivery of the solution to the customer's first 100,000 users.

The health insurance company will utilize Diversinet MobiSecure™ products – based on the Company's MobiSecure soft token technology – to enable secure access and management of personal medical records by individuals and health care providers through mobile phones, handheld wireless devices and personal computers. Diversinet will not publicly divulge the new customer's name at their request.

Today Diversinet also re-launched its corporate web site, www.diversinet.com, providing updated information on the Company and its MobiSecure products.

About Diversinet

Diversinet Corp. (OTCBB: DVNTF) is a leading provider of wireless authentication and access solutions that secure the personal identity, transactions and data of consumers over almost any mobile phone or handheld device. Diversinet's reliable, end-to-end OTP (one-time password) solutions enable cost-effective strong authentication and instant and secure access to critical personal records, helping businesses reduce identity theft, expand customer offerings, increase revenues and comply with regulations.

Diversinet's customers include major banks, financial institutions, health services organizations, software security vendors, entertainment and gaming companies, and memory and storage manufacturers. The company's unique technology and suite of products include Strong Authentication and MobiSecure SoftToken. For almost a decade, Diversinet has built a record of accomplishment and innovation with world-leading expertise in the authentication security and mobility sectors. For further information, please visit Diversinet's web site at: www.diversinet.com.

MobiSecure™ is part of Diversinet patented or patent pending technology.
